Acknowledgement

After reviewing the HouseTipster Website and Software, I would like to be included in this opportunity. I agree on behalf of my company, to allow Inventive Software, LLC d/b/a HouseTipster to use my products or images of my products. These may be provided either directly from us or may be taken from any of our public spaces. The models made from these images may be used in the HouseTipster website. If I, or the company I represent, do not like the way my product is portrayed, used, or if we just wish to withdraw from the program, all we need to do is send a request for takedown to HouseTipster.
